

WHEN I'M DEAD lyrics and chords

-----G-----C-----D-----
Hey by the way I'm feeling better, I don't know why
---Em-----G-----C-----D-----
I'm glad when the highs are high, and sad when the lows blow
-----C-----G-----Em-----
Oh I know you think I'm special but it's gonna be more eventful
C-----D-----G-----
When I'm lying in my grave, you're gonna cover all the sad songs that I made

-----G-----C-----D-----
You're gonna love me when I'm dead and it's gonna go to my head
---Em-----G-----C-----D-----
You're gonna love me so much more than you ever did before
-----C-----G-----Em-----
You're gonna love me when I'm a goner, you're gonna see how much I had to offer
-----C-----D-----
But sometimes I wish you loved me now like you're gonna love me
-----G-----
When I'm dead

---G-----C-----D-----
No I'm not suicidal, it's just my sense of humor
---Em-----G-----C-----D-----
I'll hopefully die a long time from now from a blood clot or a tumor
-----C-----C-----G-----Em-----
Isn't it weird that we all die? How do you deal with that inside?
-----C-----C-----D-----G-----
Do you lie awake at night wondering what all of that nothingness feels like?

-G-----C-----D-----
OH! MY God! Is just a thing I say
---Em-----G-----C-----Em-----
Because I don't believe that there's a God anyway
-----C-----G-----Em-----
But I know us humans are stupid and I'm gonna prove it
C-----C-----D-----G-----
When my songs live on and on and you realize I was a genius when I'm gone
C-----C-----D-----G-----
When my songs live on and on you're gonna realize I was a genius when I'm gone

-----G-----C-----D-----
You're gonna love me when I'm dead and it's gonna go to my head
-----Em-----G-----C-----D-----
You're gonna love me so much more than you ever did before
-----C-----G-----Em-----
